

PROFILE

Motivated and certified Cybersecurity Engineering student at TEK-UP University, specializing in Network and Information Security. Passionate about offensive security, penetration testing, and secure system administration. Seeking a cybersecurity internship to apply hands-on technical skills in real-world environments, contribute to enterprise defense strategies, and grow alongside experienced professionals.

EDUCATION

• TEK-UP University	Tunisia
• <i>Engineering Degree – Network & Information Security</i>	2024 – Present
• ISETN	Nabeul, Tunisia
• <i>Bachelor’s Degree in Computer Science</i>	2021 – 2024
• Mahmoud Messaadi El Fahs High School	El Fahs, Tunisia
• <i>Technical Sciences Baccalaureate</i>	2020 – 2021

TECHNICAL SKILLS

- **Security Domains:** Penetration Testing, Red Team Operations, Active Directory Exploitation, Web Application Security
- **Programming:** Python (Security Automation), Bash, PowerShell, C#, JavaScript, PHP, SQL
- **Infrastructure:** VMware, VirtualBox, Docker, Ansible, Git, Wazuh SIEM, Windows Server, Kali/RHEL/Ubuntu

PROJECTS

- **SQLI & XSS Vulnerability Scanner:** Python Security Tool — 2025
- **Ransomware Simulator:** Python Security Tool — 2025
- **Active Directory & Windows Server Security Lab:** Enterprise Security Project — 2025
- **Symfony Swap App:** Full Stack Web Application — 2025
- **CTF Platform (Wazuh Log Control):** Web Development + SIEM — 2026
- **DARKFEED — Terminal-based CVE Intelligence Tool:** Python Security Tool — 2026
- **FaceLock Security System:** Biometrics — 2026

TECHNICAL EXPERIENCE

- **Summer Internship – TEK-UP University**
- **AD Penetration Testing:** End-to-end tests against vulnerable AD environments (GOAD, DetectionLab) covering Kerberos attacks, ACL abuse, and domain persistence.
- **Tool Development:** Built custom Python scripts for credential harvesting, lateral movement automation, and post-exploitation reporting.

CERTIFICATIONS

• CRTO – Certified Red Team Ops – Zero-Point Security	March 2026
• eCPPTv3 – Certified Professional Penetration Tester – INE	Jan 2026
• CRTP – Certified Red Team Professional – Altered Security	Dec 2025
• RHCE – Red Hat Certified Engineer – Red Hat	Nov 2025
• eWPTv2 – Web App Penetration Tester – INE	Oct 2025
• eJPTv2 – Junior Penetration Tester – INE	Sep 2025
• RHCSA – Red Hat Certified SysAdmin – Red Hat	Jul 2025

ASSOCIATIONS

- **Club Tunisia 88:** Leader — 2021
- **Club Securinets:** Active Member — 2025
- **Club Cyber-Robots:** Member — 2023
- **Club Crypto-Art:** Member — 2023

TOOLS

- **Pentest:** Metasploit Framework / Burp Suite / Nmap / Wireshark / SQLMap/Gobuster
- **Red Team:** BloodHound/Cobalt Strike/ Rubeus/Impacket
- **Sysadmin:** Ansible
- **Infra:** VMware/VirtualBox/GNS3/Visual Studio/VS Code

LANGUAGES

- **Arabic:** Native proficiency
- **English:** B2 – Professional working proficiency
- **French:** B2 – Professional working proficiency

PROFESSIONAL INTERESTS

- Offensive Security Research
- CTF Competitions
- Security Automation
